

Directions to Shannondell at Valley Forge
10000 Shannondell Drive, Audubon, PA 19403

From West Chester:

- Take 202 North towards King of Prussia
- Exit onto 422 West towards Pottstown
- Exit at 363 North towards Audubon/Trooper (turn right off exit)
- Turn left at Shannondell Drive, just past a large Wawa on your left

Parking Instructions:

- To take the shuttle to the Bradford Clubhouse, turn right from Shannondell Drive into the Giant shopping center. There will be several large white shuttles/vans in the back of the parking lot (across the street from Shannondell) that will drive band members to the theater. Vans will return to the Giant parking lot after the concert. **Most people should be using this option.**
- To park at the Bradford Clubhouse, continue straight through the light on Shannondell Drive, through the main entrance into the development. Turn left at the guardhouse and announce that you are with the CCCB. The Clubhouse is the large building directly ahead/to the left. *There is very limited parking at this location.*
- To unload large equipment, turn left at the light on Shannondell Drive onto Egypt Road. Several hundred feet down the road will be a Construction Entrance on your right, just past a new building under construction. It is marked with a large orange sign, but is probably unlit. Turn right, then left before you reach the new building. You should end up near a patio outside the lower level of the back of the Bradford Clubhouse, right outside the theater. Glass doors here off the patio should be unlocked. People loading equipment may park along the road here *as long as they don't block fire truck access to this road.*

Shannondell is marked with a large green dot near top of map.
